## MINIMALISM IN MOTION

**U-SHAPED DESIGN**

**18" ALLOY WHEEL**

**TWIN-AERO REAR SPOILER**

The MG 4 Electric features a future-focused design that guides its stunning exterior. Its nimble, flowing two-tone roof adds a layered visual presence, while unique LED headlights and a dual-wing spoiler with high-mounted brake lights enhance its agile appearance. The U-shaped active intake grille not only adds to the sleek design but also improves cooling efficiency. Along with the carbon-fibre effect diffuser and multi-layered rear end, these elements create a bold and dynamic look that turns heads wherever it goes.

### **INTERIOR**

**SPACIOUS INTERIOR**

**28 GENIUS STORAGE SOLUTIONS**

**40:60 FOLDABLE REAR SEATS**

# INTERIOR COMFORT WITHIN REACH

The interior of the MG 4 Electric combines sophistication and simplicity, offering a spacious cabin with all essential controls at your fingertips. The Floating Digital Cluster and Infotainment Touchscreen provide clear, easy-to-access information, while the double-spoke steering wheel ensures comfortable handling. Premium materials, like PU and fabric seats, provide a luxurious and comfortable experience, while modern amenities like the wireless phone charging tray enhance convenience and sophistication.

# PERFORMANCE

## ELECTRIFYINGLY THRILLING

The MG 4 Electric delivers a dynamic driving experience with its powerful 150kW E-Motor, accelerating from 0-100 km/h in just 7.6 seconds. The rear-wheel drive system provides excellent traction and stability, enhancing cornering and overall handling. Multiple driving modes, including Standard, Sport, Custom, Snow, and Eco, allow you to tailor the car's performance to suit various driving conditions and environments.

# TECHNOLOGY

## SMART MEETS FUN

10.25" TOUCHSCREEN

WIRELESS CHARGER

7" DIGITAL CLUSTER

Stay connected on the go with the MG 4 Electric's advanced technology. Features include a Bluetooth key, and a 10.25" touchscreen for seamless integration with your smartphone through Apple CarPlay and Android Auto. The car also has a 360° camera system, providing real-time parking assistance and reducing blind spots for safer manoeuvring. The ADAS display and gear display offer intuitive access to vital driving information. Integrated multi-functions support online services, navigation, music, and weather, keeping you informed and entertained throughout your journey.

MG PILOT

# SAFETY

## INNOVATION FOR CONFIDENCE

Drive with confidence knowing the MG 4 Electric is equipped with top-tier safety features. The MG Pilot system offers advanced driver-assistance technologies, providing added security on the road. The high-strength body structure and H-shaped full subframe ensure robust chassis safety, while the ultra-compact One-Pack Battery meets stringent European and international standards for maximum safety and reliability. These innovations protect you and enhance the overall driving experience, making every trip secure and enjoyable.

XPOWER

A green MG 4 Electric XPOWER is shown from a front-three-quarter view, driving on a winding asphalt road. The car is in motion, with a blurred background of mountains and a sunset sky. The car's headlights are on, and the MG logo is visible on the front grille. The license plate area displays 'MG 4'.

# XPOWER

## MORE POWER TO YOU

The all-new MG 4 Electric XPOWER, in striking Racing Green, redefines high-performance hatchbacks. With a 64kWh battery pumping out 320kW, it rockets from 0 to 100 km in a blistering 3.8 seconds. This powerhouse also features cutting-edge all-wheel drive, advanced braking systems, and exclusive launch control for an unparalleled driving experience.

### **Smart All-Wheel Drive**

The MG 4 Electric XPOWER features a cutting-edge all-wheel drive system that enhances traction and stability, while active braking on the inside wheels boosts safety and control.

### **Launch Control**

Exclusive to the MG 4 Electric XPOWER, launch control delivers a sporty driving experience, accelerating you from 0 to 100 km in just 3.8 seconds.

### **Advanced Braking**

With its 18" Cyclone Wheels, larger brake discs, and sports callipers, the MG 4 Electric XPOWER delivers powerful braking.
